March 22, 2020

Dear Patients and Friends of Steelsmith Natural Health Center,

We continue to think of all of you, and want you to stay in the best possible health during this difficult time. Every day, we reassess how we can best serve you while at the same time doing everything we can to help keep everyone safe. The following changes to our office procedures are effective immediately:

All visits will be via tele-medicine. You can schedule consultations as usual with Drs. Steelsmith and Coles during our regular office hours, and you can choose your preference of a phone, FaceTime, or Skype tele-visit.

All pharmacy orders will be mailed, or picked up outside our office. Please call the office to place your orders through our phone system. If you prefer to pick them up, we'll place them in a box or bag outside the front door for pickup when you arrive. Our staff continues to practice good hygiene and frequent handwashing, and your items will be placed in a brand new (previously untouched) bag.

Our IV Nutrient Clinic is temporarily closed. We will continue to reevaluate our situation, and will let you know as soon as it reopens.

Please contact us if you're taking an ACE inhibitor, including Lisinopril, prescribed by our doctors. If you're in this category, please schedule a free 15-minute phone consultation; we may need to discuss your medication.

We will continue to do whatever we can to serve and help protect you in the weeks ahead.

Yours in Health,
From all of us at Steelsmith Natural Health Center
